Dear Families,

The Transition Program at Lysterfield Primary School begins in Term 3 to ensure our students become familiar with the school environment and feel very comfortable with staff they may meet next year. Throughout the Transition Program, parents are invited to attend a variety of information and ‘Getting to Know You’ sessions (*Parent Program will be provided in the coming weeks*).

We expect participation in the program will assist your child in their transition process.

An outline of our program is provided below.
